

Universität zu Köln

# 18<sup>th</sup> Novembertagung on the History, Philosophy and Didactics of Mathematics

November 1-4, 2007 • Bonn

“Mathematical Practice & Development throughout History“

**Invited Speaker:**

**Leo Corry, University of Tel Aviv**

**Organisation:**

**Institute for Philosophy, University of Bonn**

**Seminar for Mathematics and its Didactics, University of Cologne**

The Novembertagung offers young researchers (esp. PhD-students and postdocs) a competent and creative forum for presenting and discussing their work in progress in the context of history, philosophy and didactics of mathematics.

Please send your abstract as pdf (600 words maximum), together with the completed registration form (see homepage), to the following addresses of the organisers by

**September 1<sup>st</sup>:** [Eva.Wilhelmus@uni-bonn.de](mailto:Eva.Wilhelmus@uni-bonn.de) or [Ingo.Witzke@uni-koeln.de](mailto:Ingo.Witzke@uni-koeln.de)

Selected proceedings will be published subsequent to the conference in cooperation with the Logos Verlag Berlin.
